*Approved*  
*2-10-25*

*vote - 6-0*  
*Relle, Bankston, Rushing, Mack, Sibley*  
*Taylor*

*Absent - Felder, Cassels,*  
*Ballard*

Chair requested an update from AFA on the following:

Status of the sewer project – Eddie Aydell of AFA reported the sewer lines are installed. Sewer line bores are ongoing, with a minor equipment problem.

Waiting on approval for change order from Livingston Parish President's Office to increase amount of lines installed. This change order is paid for with funds from first contract coming in under budget.

ELOS is preparing a plan to restore wetlands violations caused by previous land owner. Their fee is expected to be approximately \$40,000. Restoration plans will take place over an extended period of years. Funding will be from several possible sources.

Aydell updated the status on the current construction project, clearing and drainage. Rigid Construction has completed nearly all work from first contract and has begun work on Change Order 1. Included in the change order final dirt work for runway base, detention areas and completed drainage.
